Total credits required:	120
Total credits enrolled for:	120
Credits Enrolled for Semester 1 (Sep to	45

Jan):	
Credits Enrolled for Semesters 1 & 2 (Sep to Jun):	45
Credits Enrolled for Semester 2 (Jan to Jun):	30

We recommend you print this page for your records [Print]

Please ensure you have a balanced split of credits across the semesters. An unbalanced split of credits may affect your workload. If your module choice does not comply with the rules set for your programme of study, your parent school reserves the right to amend your selection and will inform you accordingly.

Once you have confirmed your module choice a confirmation email will be sent to your University email address. If you do not receive the confirmation email, check your enrolment in the View Enrolled Modules under the Modules/Timetable tab.

Note: The University allows students to change modules for up to four weeks after teaching starts, however some schools operate shorter deadlines. The school opening and closing dates are available on the How and when to enrol on your modules webpage.

To view modules added directly to your records by your Parent School, please check your enrolment in the View Enrolled Modules under the Modules/Timetable tab.

Please help us to improve our services by taking a few minutes to fill in our questionnaire.

☐ I confirm that the modules listed above are the modules I intend to study. I understand that my Parent School reserves the right to amend my module choice and will inform me accordingly.
